ROYAL
BAKING
POWDER
Absolutely Pure.

This powder never varies. A marvel of purity, strength and wholesomeness. More economical than the ordinary kind, and cannot be sold in competition with the multitude of low cost, short weight, alum or phosphate powders. Sold only in cans. **ROYAL BAKING POWDER CO., 106 Wall Street, New York.**

ONE ENJOYS

Both the method and results when Syrup of Figs is taken; it is pleasant and refreshing to the taste, and acts gently yet promptly on the Kidneys, Liver and Bowels, cleanses the system effectually, dispels colds, head-aches and fevers and cures habitual constipation. Syrup of Figs is the only remedy of its kind ever produced, pleasing to the taste and acceptable to the stomach, prompt in its action and truly beneficial in its effects, its many excellent qualities commend it to all. It is for sale in 50c and \$1 bottles by all leading druggists.

The Largest Demonstrations in
France, 30,000 in Line.

LABOR STRIKES AND DEMONSTRATIONS.

By Cable and Associated Press.

PARIS, May 1.—5:30 A. M.—There has been no disturbance here up to this hour. All is quiet on the boulevards in the outlying sections of the city, while the central quarters wear their usual aspect.

With the exception of shops devoted to the sale of firearms and ammunition being open, business is being carried on as usual.

The gas men and gas stokers inaugurated a strike this morning.

Ferroul, Kaudin, and Lachize, Socialist deputies, are perfecting arrangements for the demonstration of the workmen.

MINNEAPOLIS, May 1.—There will be no parade to-day, but an open air meeting will be held by the workmen to-night. Of the most important trades, five have already received reduced hours.

About the only movement here for a reduction is by the plumbers, who take a holiday to-day, and will demand an eight-hour day and an advance in the wages for second-class men.

ST. LOUIS, May 1.—It is expected that fully 25,000 men will be in line in the great labor demonstration under the auspices of the American Federation of Labor. The parade will be swelled by the presence of the Knights of Labor, and will be made up of bookbinders, shoe-lasters, harness-makers, cigar-makers, garment-cutters, plate-printers, collar-makers, machinists, coopers, and a dozen other trades, above all being ten organizations of carpenters.

It is believed the demonstration will be followed by a strike in one or more of the building trades, precipitated by the employees of the planing mills. The carpenters already have an eight-hour day.

After the parade there will be appropriate exercises at Schneider's Gardens and at various halls throughout the city.

Thousands of badges in the form of a brooch, representing the figure "8," are conspicuously worn to-day. No extra precautions were taken by the authorities, as no serious trouble was anticipated.

BERLIN, May 1.—9:30 A. M.—At this hour small groups of workmen are gathering in the streets to be ready to join the labor parade. No disturbances have been reported from any quarter.

KANSAS CITY, May 1.—Kansas City is a non-union town, consequently there has been no agitation at all of the eight-hour question, no prospect of the occurrence of strikes and no May day demonstration attempted.

CINCINNATI, May 1.—This city is happily free from labor trouble of any considerable magnitude. The only thing is the demand for a ten per cent. increase in the wages of beach molders. This will affect about 500 men.

MADRID, May 1.—Tranquility prevails throughout the provinces. The strikes in Valencia, however, are spreading. The employees in all trades there are joining the movement for an eight-hour day. The theaters in Valencia will be closed to-night.

OMAHA, May 1.—There is no strike here and none contemplated.

GRAND RAPIDS, Mich., May 1.—All the union wood carvers are out, but the manufacturers claim to be able to fill their places.

LONDON, May 1.—Five hundred disorderly men were gathered on the Thames embankment this morning, bent on making a demonstration. Twenty-five hundred police were on hand, however, and the mob was cowed. Some of the disorderly element say they will hold a torchlight procession to-night, but the police will rigidly suppress any procession of that kind. There is every indication that the proposed demonstration will prove a fiasco.

KNOXVILLE, Tenn., May 1.—All the carpenters, both union and non-union, are on a strike for eight hours work and ten hours pay.

MILWAUKEE, May 1.—The carpenters here have demanded eight hours work with ten hours pay. While the mas-

ter carpenters declined to grant the demand as a body, individual members were left to do so, and many have complied, so the strikes, if any, will be against single individuals. In such cases the masons and bricklayers will go out with them, the latter already having eight hours. There will be no parade to-day, and there is no likelihood of strikes in the other trades.

HAVERTHILL, Mass., May 1.—The master carpenters have all signed an agreement granting eight hours at the old pay.

BERLIN, May 1.—2:30 P. M.—Nothing of an outward character has yet occurred in connection with the demonstration by the workmen, except the arrest of one man detected in the act of raising a red flag. Work is proceeding in the usual manner in Dusseldorf, Wiesbaden, Strassburg, Nuremberg, Stettin, Nordmund, Neukirch, Spandau and Zurich. A few of the workmen in Leipzig and Halle went on a strike, but a majority was not in favor of making any demonstration, and went to work as on ordinary days.

Two hundred and sixteen proprietors of the smaller manufacturers of the city closed their establishments to give their employees a holiday.

BERLIN, May 1.—12 M.—Quiet continues throughout the city. The streets bear a normal appearance, in consequence either of the notices issued by the employers threatening to discharge the employees who absented themselves from work to take part in the demonstration, or the apathy of the men themselves.

The Loene factory, a large establishment, began work this morning with nearly a full force, there being but fifteen absentees out of all the hands employed.

At Frister & Rossmann's sewing machine factory, another large concern, only five of the hands failed to report for work.

A large number of persons, however, are making the day a holiday, visiting Grubewald and other suburban resorts.

NEW YORK, May 1.—Up to 10 o'clock this morning there were few if any signs of the inauguration of an eight-hour movement in this city. At the labor headquarters all was quiet. At the downtown buildings, where the carpenters are employed, the men were waiting for instructions from the executive committee concerning their action next Monday, when the carpenters will inaugurate a struggle. The interest centers in the parade and demonstrations at Union Square this evening. It is expected that 18,000 men will engage in the former. The meeting will be under the control of socialists.

NEW YORK, May 1.—The impending strike among the members of the Framers Union has been averted. The bosses announced this morning that they would agree to the terms of the men that eight hours should constitute a day's work. Men are all at work, and there is a general rejoicing among the different trades.

BUFFALO, May 1.—No strike here thus far. The union bakers hold a meeting to-night to consider whether to strike for ten hours a day.

WESTFIELD, R. I., May 1.—All the granite cutters struck this morning.

LISBON, May 1.—The day is being observed with extreme quietness by the workmen in this city. The group of workmen who were taking a holiday proceeded to the cemetery in which the remains of the Socialist, Fontana, are interred and placed a wreath upon his tomb. A manifesto has been issued by the workmen, declaring in favor of eight hours as a legal day's work, and it has received a large number of signatures.

BOSTON, May 1.—A strike of the carpenters for eight hours a day was inaugurated this morning, and 1,800 men went out. It is estimated that 7,000 men have been granted eight hours by 100 firms not members of the Master Builders Association.

SAN FRANCISCO, May 1.—The eight-hour system went into effect in Oakland to-day without any conflict between the carpenters and their employers. The mill operatives are opposed to having their hours cut down if a reduction of wages follows, and the mill owners offer their men half a holiday on Saturday instead of the eight-hour system. This proposition seems generally satisfactory.

VIENNA, May 1.—1:30 P. M.—Despite the belief that the labor demonstration in this city would be attended by grave disorders, there has yet been no disturbance whatever. There have been no street parades, but the meetings being held in the various halls are attended by the larger portion of the workmen of the city. No afternoon papers will be issued, as the printers are all taking part in the May day fete. The strike movement in the provinces is spreading, and it is calculated that throughout Austria and Hungary 1,000,000 men have already struck or threaten to strike.

PARIS, May 1.—12 M.—Dispatches from Marseilles, Bordeaux, Roubaix,

Nancy and Lille say no disturbances have occurred.

BRUSSELS, May 1.—An immense meeting of workmen was held at Charleroi. Thirty thousand men marched to the place of meeting, all singing "The Marseillaise." The men were orderly.

CHICAGO, May 1.—It now appears evident that the number of strikers here will not be nearly so numerous as was anticipated. The representatives of the laborers have been busy among the discontented workmen during the past week, doing their best to allay the strike, and with apparent good success. They have been asking all trades to lay aside their grievances till the carpenters get their demands.

All over the county it looks now as if there will only be a few sporadic strikes here and there, and that none of the city's great industries will be tied up.

So many are out to take part in the parade or witness it that it is impossible to accurately state the number who will refuse to go to work to-morrow.

Up to noon not the slightest trouble was reported from any quarter, and the police do not anticipate any.

BRUSSELS, May 1.—A procession numbering 3,000 miners formed in line to-day and marched to the Town Hall, where a petition was presented the authorities asking for the establishment of an eight-hour working day.

SAN FRANCISCO, May 1.—The intention of the Eight-hour League to have a grand procession of the labor organizations of the city was abandoned some time ago, and the demonstration to-day will be confined to a meeting to-night at the headquarters of the furniture workers. To-morrow, however, the carpenters and joiners make their first effort towards securing an eight-hour day. The brewery workmen have succeeded in their demand for a nine-hour day, with a slight increase of wages, and the plumbers, gas fitters and plasterers have secured an eight-hour day, but the more important trades propose to await the result of the carpenters' demand before making any move.

TELEGRAPHIC BRIEVITIES.

Bar silver, 101 1/2.

The Chicago workmen's procession to-day contained 35,000 people.

Ex-President Cleveland was admitted to practice in the United States Supreme Court to-day.

LOCAL INTELLIGENCE.

Mrs. E. W. Huttler of Philadelphia, accompanied by her niece, Miss Fly, passed through here on No. 3 this morning. Mrs. Huttler's letters in the San Francisco Chronicle, signed "Lacy Traveler," have been read with much interest.

Nearly everybody needs a good medicine at this season, to purify the blood and build up the system. Hood's Sarsaparilla is the most popular and successful spring medicine and blood purifier. It cures scrofula, all humors, dyspepsia, sick headache and that tired feeling.

A Nerville Press.

The New Orleans Christian Advocate says: One of the last works of the lottery is to silence the press of New Orleans. If any one doubts let him compare the papers of the North to day and our city. Columns of matter in New York papers about the lottery—nothing in our journals. The secret is that lottery men have purchased our newspaper stock and are now owners and controllers of at least two of our leading papers. In the case of other papers the lottery advertisements, amounting to thousands of dollars, constitute too rich a source to quarrel with. If a king and Parliament controlled the press there would be war; but the Louisiana State Lottery has done this in New Orleans and nothing is said or done.

Another Congressional Election Bill.

WASHINGTON, May 1.—Representative Elart of North Carolina yesterday introduced in the House, by request, a congressional election bill. It provides that congressional elections shall be held in the manner prescribed in the body of the bill, and upon direction of a State Legislature, Presidential electors may be chosen at the same time. The District Courts are required to appoint registers for each election district. Each ballot is to be enclosed in an envelope marked with a number to correspond with the number on the poll list, to be delivered to the clerk of the District Court and the ballots to be counted and preserved in the original envelopes by a board of poll holders. During the registration the register and poll holders are to have police powers to arrest, without a warrant, offenders or disorderly persons. The boundary of the congressional districts are to remain as they were on the first Tuesday in November, 1887, notwithstanding any subsequent act of State Legislatures.

Arrest of Chicago Ballot-box Stuffers.

By Associated Press.

WASHINGTON, May 1.—The Beaverline steamer Lake Nepig, on which a large number of emigrants arrived yesterday from Liverpool, on April 17th encountered a field of pack ice off Cape Ray, and for six days was without any chance of escape, and was at the mercy of the ice in which she became tightly jammed. Finally the ice broke and began to shove under the ship, when she began to career, and was in danger of capsizing, and a panic ensued among the emigrants, but at the critical moment the jam ceased, and the steamer was once more in the water. She got nipped again on April 22d and was cut out by another steamer.

Caught in the Ice.

By Associated Press.

MONTREAL, May 1.—The Beaverline steamer Lake Nepig, on which a large number of emigrants arrived yesterday from Liverpool, on April 17th encountered a field of pack ice off Cape Ray, and for six days was without any chance of escape, and was at the mercy of the ice in which she became tightly jammed. Finally the ice broke and began to shove under the ship, when she began to career, and was in danger of capsizing, and a panic ensued among the emigrants, but at the critical moment the jam ceased, and the steamer was once more in the water. She got nipped again on April 22d and was cut out by another steamer.

A Chinese Killing.

Special to the Gazette.

MARYSVILLE (Cal.), May 1.—A fight last night between two Chinamen over a dollar and a quarter resulted in the murder of Ah Noy. His assailant stabbed him in the back of the neck. The murderer escaped.

Hanged for Murder.

By Associated Press.

CONCORD, N. H., May 1.—James Palmer was hanged to-day for the murder of H. T. Whitehouse on May 27, 1888.

Fatal Railroad Accident.

Special to the Gazette.

CARROLLVILLE (Cal.), May 1.—A south-bound freight train from San Francisco was derailed here yesterday by the spreading of the rails, and collided with a passenger coach on a side-track. Seven freight cars and a passenger coach were wrecked. Fireman Henry Onimus jumped and was killed. W. W. Craig and J. H. Ross, brakemen, were thrown from the train, and Craig is probably fatally injured. Engineer Matt Rourke remained at his post, and escaped unhurt.

A Chicago Sensation.

By Associated Press.

CHICAGO, May 1.—A sensation has been created by the arrest of a number of men charged with complicity in the election fraud in the Twenty-fourth Ward in seating a Democratic Alderman at the last municipal election. It is understood that warrants are out for nearly fifty men. Among those arrested to-day was Mike Corcoran, a local Democratic leader.

Thrown from a Carriage.

By Cable and Associated Press.

LONDON, May 1.—While Minnie Palmer, the actress, and her husband, Rodgers, were driving at Brighton to-day, the horses became unmanageable and the carriage was overturned and both thrown out. Miss Palmer sustained several bruises, and one of Rodgers' arms was broken.

5 O'CLOCK EDITION.

TWO YEARS ago the women of America undertook to raise a fund for a bronze statue of Washington, to be presented to France as a memorial of the good will for that country among the people of the United States. The effort, says the Record-Union, has been renewed in Washington, the headquarters of the Association. It ought to have encouragement. Since France has given us the "Statue of Liberty," we could not make a more graceful return than to send to the European Republic a bronze statue of the "Father of His Country." Nor could any class more energetically and appropriately undertake the task of raising the necessary funds than the women of America. After all, it is scarcely a task. The statue, properly mounted, will not cost to exceed \$50,000, and that amount is but a trifle for the 10,000,000 women of America to raise.

It is doubtful if the decision of the United States Supreme Court in the Iowa prohibition case will have the sweeping effect anticipated in some quarters. It will permit the entry of liquors into the State in unbroken packages, but it will not enable dealers to break packages and sell at retail. The Bulletin says: It will, however, prevent the vexatious interference of Iowa officials with the transit of California wines through that State en route to Eastern markets, and it will also put at rest a question regarding the laws of certain States governing the admission of goods from other States, which have recently threatened to restrict the internal trade of the Union.

From a recent dispatch published in the Examiner it would seem that the Pacific Coast delegates are cross-lifting on the silver question. The GAZETTE does not take any stock in the rumor, for we believe Senators Jones and Stewart and Congressman Bartine, together with the other coast representatives, have a thorough understanding of how the fight shall be made, and that the different bills that have been introduced are put out as feelers. It is apparent that the silver men hold the top hand now, and if something good does not come out of it, it will be because it is lost in the shuffle. Jones and Stewart are doing nobly, and we have faith in their judgment.

VON SCHMIDT's water scheme comes up before the San Francisco Board of Supervisors next week for final action. Would it not be a good idea for Washoe county to have a protest at the meeting? If we let the proposition go without making a protest in time it might be accepted by the Board and eventually end in long and expensive litigation, and we will only have ourselves to blame. We believe if this State makes a statement to the Board of the true condition of things that will settle it for all time, for San Francisco is not particularly stuck on buying a lawsuit with Nevada. Now is the time to make a move, and some action should be taken.

It is said that no new instructions have been given this season to the commanders of our cruisers destined for Behring Sea. There is no occasion for any. The old ones were enough if means are provided for carrying them out. The Canadians are seizing our vessels in earnest on the Eastern coast. Our cutters in Behring Sea should have men enough on board to put prize crews on captured sealers, strong enough to take them into an American port.

A PHILADELPHIA paper says: Whatever difference of opinion there was between Mr. Randall and his party was not due to any change on the part of Mr. Randall himself. He held the same views at the time of his death that he had held substantially all his life.

THE Tennessee Prohibitionists propose to run a ticket of their own against the Democracy in the coming State election, and also to contest the Congressional Districts.

IRON production in free trade England has increased 4,600,000 tons in thirty years, but it has increased 4,900,000 tons in ten years in protection America.

THE Democratic contest for Mr. Randall's place in Congress is still carried on vigorously between the tariff reform and protection wings of the party.

THE Republican majority in the House of Representatives at the beginning of the session was only eight. It is now sixteen.

NEWS NOTES.

This season's flood is making remarkable changes in the Mississippi river channels.

It is said that there are nearly 200,000 ex-Union soldiers in circumstances approaching destitution.

Speaker Reed expects Congress to adjourn in June. Senator Allison sets the date of adjournment for August.

It is estimated that damage amounting to \$27,000,000 have been caused by the floods in the Mississippi Valley.

A Kentucky physician says an epidemic prevailing in that State was introduced by a tornado, which bore the germ.

The rush to Europe will be as large as ever this summer, showing undiminished confidence in the great steamships.

Immigration is again increasing. For the first three months of this year the number of arrivals was nearly a third larger than for the corresponding period last year.

In making soundings for the new railroad bridge at Astor, Fla., the engineers struck an artesian flow of sulphur water in midstream. It comes from a depth of fifty feet.

The United States Inspector of Customs at the New York Postoffice has seized a little Maori idol—a veritable idol adored for more than two centuries by the New Zealand savages.

The Druggists

In Lowell, Mass., agree in saying that they sell more of Hood's Sarsaparilla than of all other blood purifiers. For instance: F. C. GOODALE: I sell more of Hood's Sarsaparilla than all other blood purifiers.

A. W. DOWS & CO.: Hood's takes the lead of all other Sarsaparillas.

C. F. BLANCHARD: We sell more of Hood's Sarsaparilla than of any similar.

MARSTON & SHAW: With us the sale of Hood's is 9 to 1 of any other kind.

F. & E. BAILEY & CO.: Hood's Sarsaparilla is one of the best medicines.

CALTON & HOVEY: Hood's Sarsaparilla is one of the best medicines we have. Its sale increases every year.

F. P. MOODY: We sell twice as much of Hood's Sarsaparilla as of anything similar.

C. A. SWAN: Hood's is the most popular Sarsaparilla of the day.

THIRTY OTHER druggists speak similarly.

This popularity at home, where Hood's Sarsaparilla and its proprietors have been known for many years, could not continue if the medicine did not possess merit. And these facts should certainly convince people in other sections of the country that Hood's Sarsaparilla is a good, reliable medicine.

Hood's Sarsaparilla

Sold by druggists, \$1; six for \$5. Prepared only by C. HOOD & CO., Apocryphics, Lowell, Mass.

Blooming Heather,

The property of T. G. Herman, Wadsworth, Nevada.

WILL BE ALLOWED TO SERVE A limited number of mares for the season of 1890.

Commencing April 1st and

Ending August 1st

At Reno and Wadsworth

FEDIGER AND DESCRIPTION:

BLOOMING HEATHER was imported by Jessie Harris; was bred at Scamptown, York, England; foaled in 1884; imported in 1886; is daily registered in Volume 1, Cleveland Bay Society of America Stud Book; was sired by Emperor (897); dam by Salton; is of a bay color; weighs 1350 pounds, and is 16½ hands high.

Will stand for the season at HYMER'S LIVERY STABLE, Reno, Nevada.

This animal is considered among the best specimens of Cleveland Bay Stallions in America, and an examination of his points will convince the most skeptical that the claim is not unbecome, but is founded on fact. For terms and further particulars, address: T. G. HERMAN, Owner, Wadsworth, Nev.

NOTICES.

People are hard to please who can find fault with the accommodations to be had at C. Lomery's Arcade Hotel and Restaurant.

Twelve and a half cents is J. J. Becker's price for a schooner of Boon or Sacramento beer and a well cooked and neatly served hot lunch.

Those looking for the finest family resort on the line of the Central Pacific, are directed to the Nevada Hotel, W. H. Chamberlain, proprietor.

By buying your prepared material of C. J. Brooks you can paint your front yard fences for but little more than a coat of whitewash would cost.

This is the season of the year when a first-class lunch is preferable to any other kind of meal. Get one of E. C. Leadbetter's and you will be satisfied.

For the best corn fed hams and bacon, pickled pigs feet and every other article to be found in a first-class grocery, patronize W. T. Craig, opposite the Gazette office.

C. A. Thurston's news depot is where you will find all the most popular weekly, monthly and quarterly magazines besides all the leading San Francisco and Sacramento daily papers.

A Pleasant Place.

Of health and strength renewed and of ease and comfort follows the use of Syrup of Figs, as it works in harmony with nature to effectually cleanse the system when constipated and bilious. For sale in 50c. and \$1.00 bottles by all leading druggists.

CATARH.

Catarh, Catarrh, May Fever, A New Home Treatment.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby catarrh, catarrh and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks.

N.B.—This treatment is not a snuff or an ointment; both have been discarded by reputable physicians as injurious. A pamphlet explaining this new treatment is sent on receipt of three cents in stamps to pay postage. A. H. Dixon & Son, 337 and 339 West King Street, Toronto, Canada.—Christian Advocate.

Sufferers from Catarrh troubles should carefully read the above.

Electric Bitters.

This remedy is becoming so well known and so popular as to need no special mention. All who have used Electric Bitters sing the same song of praise. A purer medicine does not exist and it is guaranteed to do what is claimed. Electric Bitters will cure all diseases of the liver and kidneys, will remove pimples, boils, salt rheum and other affections caused by impure blood. Will drive Malaria from the system and prevent as well as cure all Malarial fevers. For cure of Headache, Constipation and Indigestion try Electric Bitters. Entire satisfaction guaranteed or money refunded. Price, 25 cts. and \$1 per bottle at Druggists' drug store.

On a recent visit to Iowa, Mr. K. Dalton of Lundy, Russell Co., Kansas, called at the laboratory of Chamberlain & Co., Des Moines, to show them his six year old boy, whose life has been saved by Chamberlain's Cough Remedy; it having cured him of a very severe attack of croup. Mr. Dalton is certain that it saved his boy's life and is enthusiastic in his praise of the R-Remedy. He says it has an excellent reputation in his vicinity; that farmers come fifteen miles to his store for it and that many of them, like himself, are never without it in their homes. For sale by Shoemaker & Co.

Is Consumption Incurable?

Read the following: Mr. C. H. Morris, Newark, Ark., says: "Was down with Abscess of Lungs, and friends and physicians pronounced me an incurable consumptive. Began taking Dr. King's New Discovery for Consumption, am now on my third bottle, and able to oversee the work on my farm. It is the finest medicine ever made." Jesse Middlewart, Deatur, Ohio, says: "Had it not been for Dr. King's New Discovery for Consumption I would have died of lung troubles; was given up by doctors; am now a well of health." Try it. Sample bottles free at Druggists' drug store.

Liver Complaint, Biliousness, etc.

The chief symptoms of this disease are depression of spirits, foul coated tongue, bad tasting mouth, disagreeable breath, dry skin, with blotches and eruptions, tired complexion and yellow eyes, tired, aching shoulders, dull pain in right side, faintness, dizziness and irregular bowels. This complaint in all of its forms can be readily cured by taking Dr. Gunn's Improved Liver Pills, as directed, and the lingering spell of sickness will often be warded off by their use. Sold at 25c. a box by S. J. Hodgkinson.

Advice to Mothers.

Mrs. Winslow's Soothing Syrup should always be used for children's teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and the best remedy for diarrhoea. Twenty-five cents a bottle.

Exposure to rough weather, getting a wet living in damp ill-ventilated places, the contraction of diseases of the kidneys and bladder. As a preventive, and for the cure of all kidney and bladder troubles, the valuable remedy Dr. J. H. McLean's Liver and Kidney Balm. 50c. per bottle.

McKISSICK'S OPERA HOUSE.

Hallen and Hart in "Later On" On the 7th Instant.

The New York Times says: Hallen and Hart in "Later On" kept an audience of good size in a continuous roar of laughter last night. Hallen and Hart are possessed of a sufficient fund of humor to carry any play to success. Last night they were warmly greeted on their first appearance, and during the entire evening they caused cyclones after cyclones of merriment, until it was a positive relief when the curtain fell. Much of the merit of the performance lay in its briskness. Everything went off with a snap and bang which was almost bewildering in its rapidity. There was a great deal of good singing and dancing, a good many specialties were introduced and the performance had the air of a neat vaudeville entertainment in three acts. Fred Hallen was Jack Plunger, an artist, and Joe Hart was Jolly Todd, a bookmaker. These gentlemen reach the same end and through very different methods. Mr. Hallen is a light comedian of much merit, an excellent dancer and has a backbone which is very expressive. Mr. Hart combines with a novel make-up, an original expression of countenance, possesses a pair of wonderfully versatile legs and plays upon the piano in a way which never fails to call forth applause. Both songs, the success of which depends more on the words than the musical execution, and both are exceedingly happy in their introduction of gags and local allusions.

FLAG RAINING.

Friday is the Day Set for the Event at the Public Schools.

Owing to the inclemency of the weather the exercises attendant on the raising of the flag presented by the ladies of the Relief Corps to the public schools, were postponed until a more favorable day should present itself. Friday of this week has been appointed, and it is hoped that the skies will prove clear and the day suitable in every respect. Should this prove to be the case the program before published will be given; the exercises to be held in the yard of the brick school, commencing at 1:30 p. m. A cordial invitation is extended to the public generally to be present and unite in the songs and cheers to be given in honor of Freedom's starry flag. The program is as follows:

- March—Yankee Doodle (During which the flag is brought forward borne by 13 little girls, the "wee ones of the schools")
- Chorus—Red, White and Blue
- Appropriate Remarks—Col. R. H. Lindsay
- Song—Guard the Flag.....Intermediate schools
- Raising the Flag.....
- Solo—Star Spangled Banner.....Miss Grace Wasson
- Drum Address to the American Flag.....Miss Ione Gould
- Remarks.....Ladies of Relief Corps and others
- Song—America.....Primary Schools

GOOD ADVICE.

People Who Lose By Not Advertising.

The Hanford (Cal.) Sentinel says: Every man should deal with his neighbor as much as possible. If farmer Jones has hay to sell his neighbor Smith, who wants to buy, should be advised of it and not send abroad for what he wants. At Solana the other day Jones was loading a car with hay to ship below and at the same time Smith was unloading a carload he had had shipped to him. What foolishness! As a scheme to patronize a high tariff railroad it was a success, but Smith and Jones were both out of pocket by the operation. The trouble lies in ignorance. Jones didn't know Smith wanted to buy and Smith didn't know that Jones wanted to sell. Better pay the printer than the railroad and save money. Advertise your wants in your local journal and you will find a buyer of such products at home as a rule.

Modest Ormsby.

Ormsby county partisans seem to have centered on Alfred Helm for Secretary of State, and from all accounts he has a great following in Storey county. Mr. Helm is one of the old-time stalwart Republicans, is a pioneer of Nevada, as good a clerk as ever held a pen, and is a gentleman in every sense of the term.—Carson Tribune.

Fourth of July.

Quite a number of citizens have spoken to the Gazette about calling a meeting at McKissick's Opera House for next Saturday night to make arrangements for celebrating the Fourth of July, and as it is time to get to work, we intend celebrating at all, a meeting is hereby called on that evening at 9 o'clock. Do not let the little jealousies crop out that were manifested last year, but all turn out and speak your piece.

What Do the People Say?

Von Schmidt has revived his Lake Tahoe water scheme and with a fair prospect of success, so far as San Francisco is concerned. What do the people of this community think about it? Shall we wait until the Supervisors accept his proposition, or enter a protest now? If we are so blind to our own interests as to let it go by default, we will have no kick coming if he gets away with it.

Road to Yosemite Open.

A dispatch from Winona, Cal., of April 30th says: The first through stage to Yosemite arrived to-day, reporting the road permanently open. In places the road leads through banks of snow fifteen feet high, more snow having fallen in this section than has been known for many years.

Officers of the Day.

The committee appointed to select a President, Orator and Marshal for Decoration Day have invited G. W. Baker to act as President of the day, J. F. Alexander as Orator, and Major A. C. Dought as Marshal.

BREVITIES.

Local and General Intelligence.

The river is higher now than it has been for years.

There is still plenty of snow in sight on the mountains. The Weekly Gazette and Stockman, issued to-day, is the boss paper. The unveiling of the Marshall statue will take place at Coloma, Cal., Saturday, May 1st.

May 20th is the time set for calling the Republican State Central Committee together. O. M. Mitchell Post, G. A. R., is hard at work making arrangements for Decoration Day.

The river is running bank full and 200,000 miners' inches of water are going down to the sink.

Storey county officers were in town to-day after the two pistol thieves arrested here by Constable Upson.

Hon. Tom Fitch has done more work for the cause of silver than any other one man on the coast.

The ranchers along the river below Reno say they have no kick coming on account of water being scarce.

The trees are beginning to bud out, and in another month Reno will look very charming in her suit of green.

Hastings Cornet Band has received another lot of corn music. The boys will practice in their new hall hereafter.

The Carson Tribune says that the Ormsby county partisans seem to have centered on Alfred Helm for Secretary of State.

It is claimed that the great "mother lode" has been discovered in Fresno county, Cal., by the King's Gulch Mining Company.

J. P. McCombe, Secretary of the Seattle Relief Committee, was arrested Tuesday for misappropriating the committee's funds.

If you contemplate painting your house this spring, go to A. H. Manning's and inspect his paints before making your purchases.

Washington's Governor has appointed trustees to locate and supervise the construction of the State Reform School in Lewis county.

Mrs. Alice Renter, who was charged with receiving stolen goods from the Brunswick Hotel at Santa Ana, Cal., has been acquitted of the charge by a jury.

S. D. Hosmer, a rancher residing on the Mountain View and Saratoga road, in Santa Clara county, Cal., has been swindled out of \$1,000 by two sharpers.

The members of the Baptist Church are requested to meet at their new building Friday evening at 7:30 for the purpose of holding a business meeting.

An officer from Los Angeles arrived here this morning with a requisition on Governor Stevenson for the jewelry thieves arrested last Monday by Constable Upson.

Spokane Falls is taking steps to build a mineral palace from ores taken from the tributary mining camps. The Northwest Exposition will open September 13th at Spokane.

According to the Modoc Independent, the contest in Modoc county at the coming fall election will be license or no license, and both political parties are badly disrupted on that question.

C. W. Borton of the Opera House Dry Goods Store is receiving daily a complete and well-selected stock of dry goods and clothing, which will be sold at the lowest possible dollar-time figures. Look out for his ad-to-morrow.

A well-posted drummer told a Gazette reporter the other day in San Francisco that Reno stood as well commercially as any town of its size on the coast, and head and shoulders over many places that make more pretensions. Reno is rated as A1 by all the commercial agencies.

NAMES OF DRY GOODS.

Where They Came From, and How Derived.

American Notes and Queries contains the following: Damask is from Damascus; satin from Saytown, in China; calico is from Calicut, India, formerly celebrated for its cotton cloth, and where calico was also printed. Muslin is named from Mosul, in Asia; alpaca from an animal in Peru of the llama species, from whose wool the fabric is woven; taffeta and tabby from a street in Bagdad; cambric from Cambray. Gauze has its name from Gaza, a haize from Bajce, dimity from Danietta, and muslin from Jean's Drogget, is derived from a city in Ireland—Drogheda; duck comes from Torgue, in Norway; blanket is called after Thomas Blanket, a famous clothier connected with the introduction of woollens into England about 1340; serge derives its name from Xerpe, a Spanish term for a peculiar blanket; diaper is not from d'Ypres, as is sometimes stated, but from the Greek diasporon, figured; velvet is from the Italian vellute, wholly; shawl is the Sanscrit shala, floor, for shawls were first made as carpets or tapestry; chintz is from the Indian chint; delaine is the French of wool.

Lost His Arm.

Hugh Miller, the C. P. brakeman, who had been troubled with a swollen arm, thinking it was something like rheumatism or neuralgia, and who went to the Sacramento hospital for treatment, has been obliged to suffer an amputation, the surgeon of that institution having discovered that the arm was rapidly decomposing, caused by a ruptured vein.

Guess Again.

A well-posted Constable stated to a Tribune reporter this morning that Senator Billy Sharon is a pronounced candidate for Governor and that Frank Newland would yield to the demands of the powers and accept the Congressional nomination.—Carson Tribune.

The "well-posted Constable" had better guess again.

Mr. B. F. Masters, Cashier of Equinit & Co.'s Bank at Waverly, Ohio, says: "I consider Chamberlain's Cough Remedy the best I have ever used. After using several other kinds, without benefit, I tried it and it quickly cured me, after years of suffering with an obstinate cough and throat trouble. I now keep bottles for sale by Shoemaker & Co."

AN AMERICAN POLICY NEEDED.

Why the Nicaragua Canal Should Be Vigorously Promoted.

The New York Tribune has had one of its intelligent correspondents at Panama and thereabouts for some time studying the question of inter-oceanic waterways and investigating the condition of the work on the Panama and Nicaragua canals. His observations led him to the conclusion that the completion of both canals depends upon the facility with which the requisite capital can be obtained. He adds: "What is needed is an American policy respecting these canals. At Panama there is a strong probability that an English syndicate will ultimately undertake the completion of the canal after the French have abandoned the field. The United States can anticipate European attempts to finish that waterway, and subsequently to control the political and diplomatic action of the Colombian Government. This can be done directly or indirectly. The Panama canal can be finished by an American syndicate with the sanction of the Colombian Government; or the Nicaragua canal can be taken up in earnest, adequately supported with capital and pushed to a speedy completion. No English or French syndicate will undertake work at the isthmus if a determined effort be made by the Americans at Nicaragua to provide inter-oceanic communication for the commerce of the world."

THE SIDE-SADDLE.

When and for Whom It Was Invented.

Prior to the reign of Richard II. in England (from 1377 to 1399) all women riding on horseback sat astride. Richard's wife, Anne of Bohemia, eldest daughter of Charles IV., Emperor of Germany, was deformed and could not ride astride with comfort, and it was for her benefit that side-saddles were invented. The above is a historical fact, and disposes of the theory that women cannot ride on horseback in the same position as men.

The third pommel, or leaping head, now found on all side-saddles, which has done away with the high pommel, and which renders a woman's seat much more secure than that of a man, is a French invention, first used some thirty years ago. No woman who would be safe on a man's saddle ought to have had much more practice on it than was necessary to make her feel secure on her own.

PERSONAL.

George McClure of Mohawk Valley, State Surveyor-General Jones was in town last evening.

Louis Boardman arrived this morning from Monterey, Cal.

Col. E. D. Boyle came up from Fresno county this morning.

Charley Clark of Long Valley came up from below this morning.

Senator Evan Williams came down from Carson on the local to-day.

General Clark returned last evening from a trip to Loyalton, Sierra Valley.

W. J. Urton of Tuscarora arrived from the East on this morning's overland.

John Bradley left this morning to look after the Russell & Bradley stock interests in Elko county.

J. J. Becker, wife and daughter left Tuesday night for the Bay, where Mr. Becker goes for his health.

Accompanied by his two daughters, returned this morning from the Bay, where the former has been for medical treatment. They are stopping at the Riverside.

Dr. L. A. Herriek and Col. J. W. Hall, two Carsonites, whom that community can ill afford to lose, left last evening for a trip through Oregon and Washington, intending to locate in that country, provided they find a place that suits.

A Murderer Convicted.

A Sacramento dispatch of April 30th says: The jury in the case of Charles Freeman, for the murder of Mark Feeney, this evening brought in a verdict of murder in the first degree. The crime was committed on a ranch near Antelope, where Freeman was a laborer and Feeney a cook. The latter was sick, and his coughing so aggravated Freeman one night that he thrust him into a barrel of water head first and drowned him. Freeman will be sentenced on May 9th.

A German Authority.

Baron Liebig, the great German chemist, says that "as much flour as can lie on the point of a table knife contains as much nutritive constituents as eight pints of the best and most nutritious beer that is made."

A QUAKER'S DOZEN.

Richard Stege, the well known proprietor of the Quaker Dairy, No. 30 Ellis St., San Francisco, last week sent the following letter to the Edwin W. Joy Co.: "My family have been taking Joy's Vegetable Sarsaparilla now for months with splendid results. Our experience has been that after taking it regularly for a short time and getting the system started right, an occasional dose thereafter keeps the system in perfect condition. The peculiarity of your vegetable compound is, that it does not cause constipation, as a liver and bowel regulator and corrects indigestion. We would not be without it. In fact I have just bought a dozen bottles to get the reduced price. A. B. Joy writes that it has been his habit for years to awake in the mornings with a headache and an exhausted feeling; but since the first bottle he has had no return."

W. W. Hanes, 21 Sacramento street, San Francisco, says: "A blood-cleansing medicine, Rheumatism, Dyspepsia and kidney trouble, after other remedies had failed. I used it both internally and externally. The genuine article bears the fac-simile signature of D. F. Fayer. Price 50 cents. Sold by Wm. Fininger."

To Workmen and Ranchers. J. Westlake makes men's heavy French kid shoes full stock to order for \$5.00. Try a pair. Repairing neat and promptly done.

For Throat Diseases and Coughs. No. 1000 Broadway, New York City. The genuine are sold only in boxes.

When nature fails and requires help, search for unexcelled energies with Dr. J. H. McLean's strengthening Cordial and Blood Purifier. 50c. per bottle.

If Your Liver Reminds You

Of its existence by dull pains or sharp twinges in the right side, or beneath the dexter shoulder blade, except the reminder as a warning, and regulate the organs without loss of time, by the use of Hostetter's Stomach Bitters. The above symptoms are usually accompanied by yellowness of the skin, constipation, torpid tongue, disorder of the stomach, sick head aches and morning nausea. But a reform is promptly instituted by this Bitters, the best substitute for colic, blue bill and other superfluous and other hurtful drugs erroneously designated as remedies for biliousness. Appetite and digestion are restored, and the bowels resume activity, when the impetus is given to the functions of health by this sterling anti-bilious medicine, which also has the effect of enriching and purifying the circulation, and fortifying the system against malarial infection in air or water. It is also highly beneficial for rheumatism, kidney and bladder troubles.

A Sure Cure for Piles.

Itching Piles are known by moisture, like perspiration causing intense itching when warm. This form, as well as blind, bleeding and protruding piles, at once to Dr. Bosanko's Pile Remedy, which acts directly on the parts affected, dissolves tumors, allays itching and effects a permanent cure. Druggists or mail order free. Dr. Bosanko, Piqua, O. Sold by S. J. Hodgkinson.

Blackie's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 50 cents per box. For sale by Wm. Fininger.

Elder B. F. Kittenger of Gettysburg, Pennsylvania, says he has been suffering with a cold and cough, also his wife, that they took to using Chamberlain's Cough Remedy and received great benefit from it. Yet he says, "It was so pleasant to take." For sale by Shoemaker & Co.

BORN.

O'DONNELL—In Virginia City, Nevada, April 30, 1890, to the wife of William O'Donnell, a son.

DIED.

JACKSON—In Virginia City, Nevada, April 30, 1890, Emma Nevada Jackson, daughter of William Jackson, aged six weeks.

ENGINEERS, FIREMEN, BRAKEMEN, GRIPMEN,

All that Ride Continuously

TAKE NOTICE.

It is a well-known fact that nine out of ten of all classes of people whose business calling is railroading, where they ride day in and day out, will sooner or later complain of severe pains in their backs. CAUTION! What does this mean? Ask yourselves the question. We will answer it for you. Your kidneys are fast becoming diseased, and if you neglect them there is one result—CERTAIN DEATH. We have had many cases, and hold testimonials of railroad men that have taken their trouble in time, and by the use of the greatest vegetable remedy that has ever been introduced in the world, viz: THE GREAT SIERRA KIDNEY AND LIVER CURE, have been cured and their kidneys strengthened to such an extent that they can pursue their vocations without fear. This wonderful remedy is becoming daily the most popular of any Kidney and Liver Cure that ever has existed. Give it one trial and you will send to us a testimonial to add to our large and fast increasing list. For sale by all druggists.

TAKE NO OTHER.

OSBORN & SHOEMAKER, Agents.
